Abstract: There is a well-known proverb 'teenage years are the best years of your life- treasure'. Everywhere in the society we see the randomly behaviour, reckless driving, addict to various bad habits among the youths. Then remark given by society as hopeless and useless youths. Is this truth? This is a serious and common question raise by society. Youth stage covers relationship and maturity along with responsibility. It is an early period of growth, existence and development.

Keyword: Tendencies , Current Scenario , Problems , society.

1.INTRODUCTION

For better and overall understanding the internal and outer structure of youths there is a need to do the systematic study of them. This period in life is concomitant with many problems and youth struggle to find answers to life, and fit themselves into the community and society. Youth is generally the time of life between childhood and adulthood. As per the dictionary definition 'the appearance, freshness, vigour, spirit, etc. characteristic of one who is young'. Youth is the stage of constructing and confidence building. Youth is influenced by several variables such as peers groups, lifestyle, gender, fashion, fad and culture.

As per the observation in current scenario, most of the youths show unintentional mentality and exposes of violence, consumption of liquor and chewing the tobacco, various sexually disorders infections, physical disorders and overweight etc. which cause to corrupt the young generation. The main problems of youths in current scenario- Some of problems of youths are very ground level and having less intensity like lack of communication with parents, relative and friend circle, effect of modernization etc. Sexual problems covers barriers in spouse selection, strict parents, decrease in matrimony, a great social tragedy, absolute avoidance of loneliness etc. Identification, intensity and seriousness of the problems would be sort out the solution on them.

Following some are the important problems of youth in current scenario

1. Psychological and physical problems-

Improper routine, effects of fast food, unnatural behaviour, bad habits, western lifestyle and peer group pressure etc reasons are responsible for stinging the Psychological and physical problems to youths. Once they skipped the track, suffers get to the family, society and ultimately country. Obesity, blood pressure diabetes etc are

the main disease now a day's getting to youths.

2. Unemployment-

Lack of job is main cause to divert the modern youth. Unemployment creates the poverty and lower economic standard. Most of the youths disturb because of unemployment. In India there are various types unemployment.

3. Stress and tension-

There are number of causes responsible for to get stress, strain, tension and worry to modern youths. Hurry, worry and curry are the main factors related to stress and tension. Youths sometimes cannot cope with these problems and can commit to the suicide.

4. Family disorganization-

The separation between husband and wife, conflict full home situation, familiar, economical problems, non-cooperative policy of relatives, unfair relations etc causes can divert the attitude of youth towards wrong direction. We see most of the youths shows their deviant behaviour and creates problems in the family and society.

5. Educational Disparity-

As per the medical report of government of India 85% suicide causes are forcefully admission in the courses which are not able to do by students. Heavy home work, less faculty interactions, poor educational status with medium EQ, educational stress, negative institutional environment and familiar problems pull down to youths in the valley of depression and negative lifestyle.

6. Nuclear Family, Materialise, Drug/ Alcohol Abuse-

Existence of modern western things in life, loosing in norms and values, improper control of parents, hostel life

Smoking, filmy lifestyle, fallowness of western thoughts and behaviour also change the mentality of youths in current scenario.</p> <p>Work to be done for healthy development of young generation-</p> <p>Basically there is a need to develop the minds of youth. These lessons should get to youth by family in childhood stage. From all the levels, proper behaviour and attitude should inserted in the minds of youths. Schools, teachers, surrounding peoples and relatives can play this role conveniently. A social values differs from individual value. Social values are essential for maintain the proper construction of society which can bind to youths in unilateral direction. Once the mentality frame related to norms and values, half success can get to youth. Norms in order to be effective must represent correctly the relations between real events.</p> <p>Parents also change their attitude and behaviour regarding to the norms and values because children and youths seriously observe and follow it. Norms have the great importance to society. It is obvious that norms do not apply equally to all members of the societies. The students resist any such control over them by the authorities. The children resist the control by the their parents</p> <p>Therefore family, society and parents have to take cognizance of these things which will helpful to construct the healthy generation. Conflict less society and family always prefer by kids therefore parents should try to maintain comfortable situation in family. Always criticism and negative comments also creates deviance and clashes in the family. Some norms are simple and learn by all the persons even in the same society regarding differences in life styles, food habits and etiquettes. The inability to conform may be the result of mental or physical defect. It is one of the ways of adapting a culture to social change. Expected social changes can takes place with suitable norms and idols. Values should strictly implemented in society for the overall development.</p> <p>Following efforts have to prepare for control on youths-</p> <p>1.Convenient role of parents in family with suitable guidance-</p> <p>Parents are the main component to keep their kids on proper track. Parents have to understand the psychology, understanding leve. IQ, EQ and as per that expectation would be frame. Also precaution has to take while fixing the carrier for them. Parents should not force for the particular course. As per the will of son or daughter let them take decision only they have to guide and explain the consequences regarding it.</p> <p>2.Role of locality, peer groups and neighbours should be related to positive behaviour-</p> <p>For nurturing the kids there is great importance to surroundings, peer group with peer pressure, relatives and neighbours role. The socialization and social process have been start from ground level means family is the first school of man. Personality, thoughts and behaviour acquire to the kids</p> <p>from these factors.</p> <p>3.Healthy and convenient role of schools, colleges and educational institutions-</p> <p>Educational institute environment is most important for the overall development of youth. Role of teachers, interest in syllabus, facilities, job resources after education etc are considerable for make an ideal person. Control from college administration, police authority and self esteem of the students.</p> <p>4.Social, cultural, religious and economical support and awareness-</p> <p>For the healthy and suitable personality, there is a need to support from all the levels. Not only from family, society but from Social, cultural, religious and economical angles.</p> <p>5.Administration, Government policies and agenda-</p> <p>In current scenario government has to identify the demands and problems of youths. As per the requirement the facilities should be given by government. Loan facility, job creations, supplementary occupations etc should give by administration. The various plans have to frame and implement for youth empowerment.</p> <p>5.The role of social workers, thinkers, sociologist and planners-</p> <p>From intellectual levels, sociologist, social workers and planners focus on the seriousness and intensity of youths problems. Such data and information should provide to government. Social welfare programmes, schemes and awareness also important for avoid the youth unrest.</p> <p>6.The role of NGOs-</p> <p>NGOs play an important role for the development of society. But very less number of NGOs are interested to do the work for youth. Especially the organizations of young person's can lead the perfectly. Therefore such NGOs have to come forward and work for youth employment.</p> <p>7.Self motivation and auto suggestions-</p> <p>These techniques can be utilize by self in which youths have to motivate them self and apply motivation on various social, psychological and physical problems. Peer groups and friend circle would be done this process positively.</p> <p>8.Guidance by elderly, relatives and mentors-</p> <p>As per the proverb, 'old is gold' elderly can provide, share their experience with youngsters. How to avoid the mistakes and knowledge regarding the life style only can be given by elderly peoples. So youths should respect and listen the guidance for development.</p> <p>9.Counselling, arbitration and understanding to the youths-</p> <p>Counselling and understanding are the best words for maintain the dignity in society. Youths are always having full excitement. Might have they can do sometimes wrong</p>

In such cases of youth properly application important of these techniques.</p> <p>CONCLUSION- There are various problems which are been faced by the youths. These problems lead the teenagers to the wrong direction of life which may be social, economical, personal, psychological and physical. The main factor to avoid the problem facing by the youths is the proper guidance by the parents, proper communication between the parents and the children, Government strategy, understanding, motivation, soft words and friends are the main components of youth empowerment. Therefore there is need to do the discussion, arrange the seminars, conferences and awareness play an important role for solving the problems of youths in current scenario.</p> <p>REFERENCE- i.Appadurai, Arjun, 1997, Modernity at Large: Cultural Dimensions of Globalization, New Delhi, OUP. ii.Bedi, Kiran.
